

Technicolor TC7210

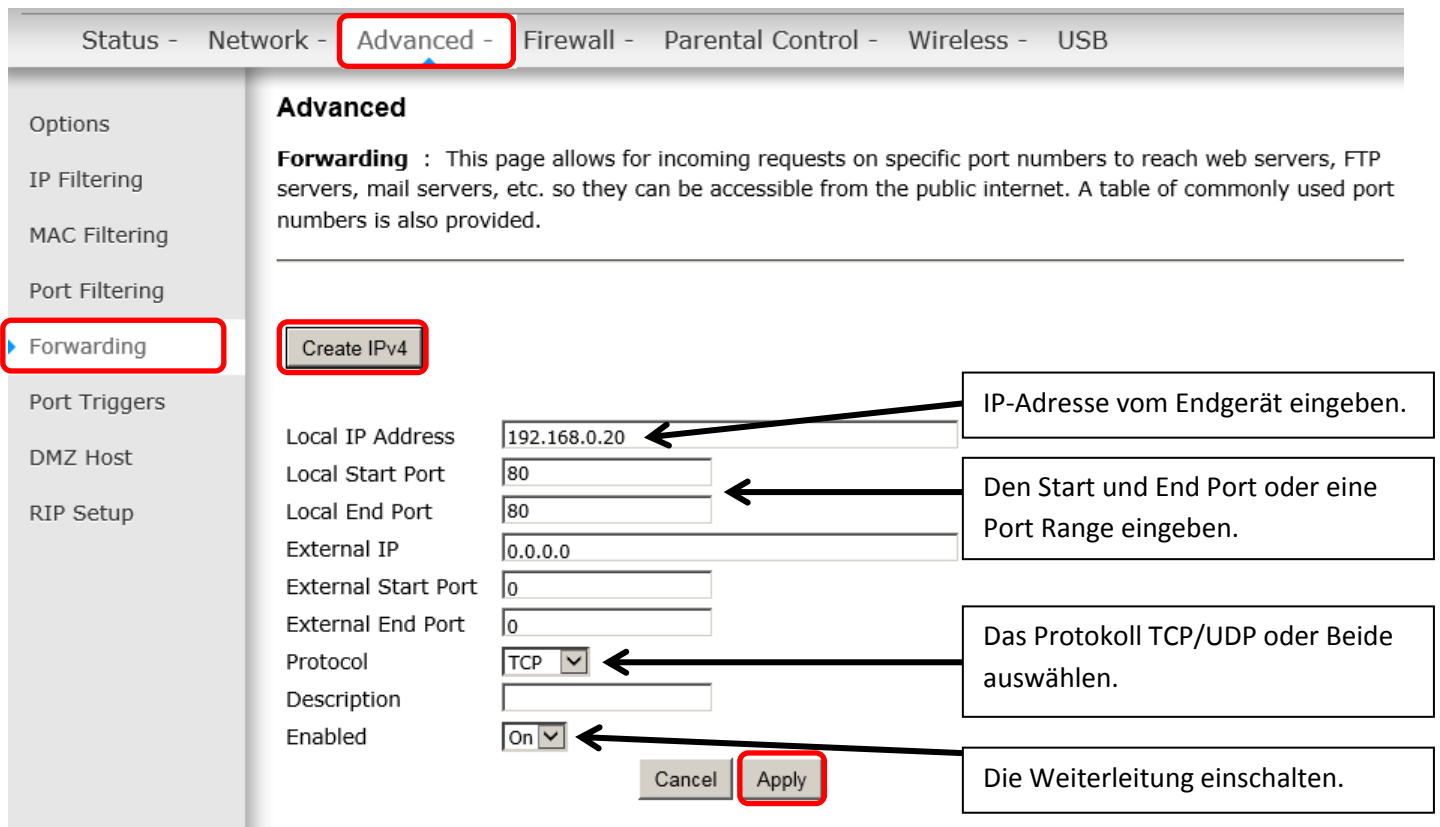

Portweiterleitung

1. Im Webbrowser (Internet Explorer, Safari, Firefox, Chrome, etc.) die Adresse: **http://192.168.0.1** eingeben.
2. Das Feld **Username leer lassen** und als **Password admin** eingeben.

The screenshot shows the login page of the Technicolor TC7210 router. The page has a dark header with the 'technicolor' logo. Below the header, the title 'Login' is displayed. A message reads: 'Login : Please enter username and password to login'. There are two input fields: 'Username' (empty) and 'Password' (containing 'admin'). A 'Login' button is located below the password field and is highlighted with a red box.

3. Unter **Advanced – Forwarding – Create IPv4** kann eine Portweiterleitung hinzugefügt werden.

The screenshot shows the 'Advanced' configuration page of the Technicolor TC7210 router. The 'Advanced' tab is selected and highlighted with a red box. The 'Forwarding' section is active, and the 'Create IPv4' button is highlighted with a red box. The configuration fields are as follows:

Local IP Address	192.168.0.20	IP-Adresse vom Endgerät eingeben.
Local Start Port	80	Den Start und End Port oder eine Port Range eingeben.
Local End Port	80	
External IP	0.0.0.0	
External Start Port	0	
External End Port	0	
Protocol	TCP	Das Protokoll TCP/UDP oder Beide auswählen.
Description		
Enabled	On	Die Weiterleitung einschalten.

At the bottom of the configuration area, there are 'Cancel' and 'Apply' buttons. The 'Apply' button is highlighted with a red box.
